

Tangy fun!

The LECHUZA-PURO Color 20 planter now comes in lime green, a color that puts everyone in a good mood and adds a burst of fun to any house, balcony or the next party: When planted, it makes an original decoration for the kitchen, dining table or garden.

The LECHUZA-PURO Color 20 planter features a charming spherical shape and unusual surface structure with a woven look that will please anyone who appreciates good design. It's a 20-centimeter in diameter model that skillfully beautifies tables, sideboards and countertops with herbs, delicate orchids or small hydrangeas.

Plants thrive and plant care is kept to a minimum thanks to the planter liner and integrated LECHUZA irrigation system with water level indicator.

Redecorating is also a snap: The planter liners are quick and easy to take out of one planter and place into a different-colored LECHUZA-PURO Color 20 planter.

LECHUZA-PURO Color 20 is already available in stores in the colors white, slate and, from October 2015, in lime green. The planter is sold in the All-in-One Set – including planter liner, water level indicator and LECHUZA-PON plant substrate.
