

## Data Sheet: COTTAGE Series Models

### At a glance

- The natural wicker look of the COTTAGE series fits perfectly with modern outdoor furniture
- These designer planters are ideal for outdoors
- The interchangeable plant liners with recessed carrying handles are easy to remove
- LECHUZA sub-irrigation set with water level indicator
- Includes overflow function to prevent waterlogging
- Weatherproof polypropylene (UV, frost and shatterproof)

### A tightly-woven family

COTTAGE planters – with their unique wicker look and variety of shapes, sizes and colors – harmonize well together and with the latest patio and balcony furniture trends. But, LECHUZA COTTAGE planters can do even more. They are made of a frost-proof, UV-resistant, impact-resistant and easy-to-clean material. And thanks to the LECHUZA sub-irrigation system, removable plant liners, and integrated overflow function, all COTTAGE planters are perfectly equipped for outdoor use. Your patio and balcony will be transformed into a gorgeous domestic space with lots of healthy greenery and little work.

- CUBE Cottage – Modern cube design
- TRIO Cottage – Mini vegetable bed or privacy screen
- BALCONERA Cottage – Innovative balcony planter
- NIDO Cottage – Hanging basket for balconies and patios
- CUBICO Cottage – The outdoor classic
